

THE PRACTICAL TURNKEY GUIDE

Understand the cost. Compare the quote.

Scope first. Specifications next. A total you can explain.

Supplied finished-interior photo: kitchen cabinets, worktop and fittings.

SCOPE / SPECIFY / COMPARE

A quote-comparison workbook for Gandhinagar homes. No assumed package rate or market-average price.

7 pages. Free to read, write on and share.

01 / ROOM BUDGET

What matters now?

What can wait?

Give every team the same brief before requesting a price.

ONE ROOM, THREE CHOICES

Must do: a usable kitchen and the agreed repairs.

Optional: extra organisers or decorative panels.

Keep: sound flooring or suitable existing items.

Example only. Write your own rooms and decisions below.

Room / must-have work / what stays:

Optional work to price separately:

Budget range for the agreed work:

A wardrobe area, floor area and the flat's total area are different quantities. Ask how each quoted item is measured.

02 / SPECIFICATIONS

Name the material.

Name the fitting.

Similar white cupboards can contain different boards and hardware.

Supplied photograph: white fronts and a glazed display section.

RECORD A SINGLE FITTED ITEM

Item and measured size: ____

Body / shutters / shelves / back: ____

Board product, grade and thickness: ____

Finish, edge treatment and colour sample: ____

Hinges, drawers, handles and quantity: ____

Check the exact product warranty and required documents. A board warranty does not cover every part of a renovation.

03 / TWO QUOTES

Same work list. Then compare totals.

A cheaper total is unclear if one team has priced less work.

ILLUSTRATIVE KITCHEN CHOICE

Plan A: retain sound cabinet bodies and service points;
change selected shutters and fittings.

Plan B: replace cabinets and worktop; move the sink and
add power points.

These are different scopes, not comparable prices.

ASK BOTH TEAMS TO PRICE ONE PLAN

Quantities and specifications match: ____

Delivery, fitting and making good included: ____

Owner-supplied items separated: ____

Taxes and exclusions shown: ____

Keep removal, disposal, testing and final touch-ups visible. Ask who handles each connection before access is closed.

04 / RESERVES AND CHANGES

A clear allowance. An agreed change.

Opening old work can reveal conditions not visible at the first visit.

01 Ask what remains uncertain

Record the area, possible work and who will assess it. Discuss a reserve suited to this property, not one fixed percentage for every home.

CHANGE RECORD

Original item and agreed specification: ____

Proposed change and reason: ____

Added or reduced cost: ____

Effect on delivery and timing: ____

Approved by / date: ____

Example: adding a dishwasher can change cabinet space, water, waste and power. Agree the whole change before ordering.

05 / FINISH AND FOLLOW-UP

Delivered and fitted. Checked and recorded.

A shop price is not always the price of completed work at home.

CLOSE THE COST GAPS

Confirm delivery, unloading, floor access, protection, waste removal, fitting, taxes, testing and touch-ups. Mark each included, extra or not needed.

Link payments to the agreed work

Record the stages and what is due at each one. Keep receipts and the current scope together.

Keep the handover useful

List outstanding items, responsible people and next actions. Retain care instructions, bills and applicable warranty terms.

Outstanding item / owner / next agreed action:

[KEEP](#) / [SAVE](#) / [SHARE](#)

Take a clearer brief. Make a better plan.

Save this workbook for your own home, or share it with someone planning theirs.
